I'm staring straight ahead, I tore off the rear view
Motorcycle growls, brake never gets used
Pipe's spittin' flame, pavement burning tire
Night and day, riding fire

Chasing shooting stars
Racing after rainbows
Wondering where you are
Wondering where's my pot of gold
Chasing shooting stars
Exhausting every avenue
I'm chasing shooting stars
Until I find you
I'll be chasing shooting stars

Some days I run on fumes, it's wearing down my heart
I gotta have your kiss gimme a kick start
Battery near dead, light's been on too long
Chug-a-chug, spark not strong

Chasing shooting stars
Racing after rainbows
Wondering where you are

Wondering where's my pot of gold
Chasing shooting stars
Exhausting every avenue
I'm chasing shooting stars
Until I find you
I'll be chasing shooting stars

Continental US, all over America
Searching for a ghost, I'm finding only dust

Chasing shooting stars
Racing after rainbows
Wondering where you are
Wondering where's my pot of gold
Chasing shooting stars
Exhausting every avenue
I'm chasing shooting stars
Until I find you

I'll be chasing shooting stars
