I play Russian Roulette and life is my bullet
Sometimes it's a hand grenade
Even with all my amputations
I'm still digging my own grave
And I shovel fast, I'm in neck deep
'Bout 6 feet down is where I sleep

I'm self destructive, I've got a knack
I've got real talent, I ain't no hack
I don't need no help
I'm making my own bed
I'm self destructive
And I'll be done, done when I'm dead

I'm easily seduced by darkness and doom
I took a vampire for my bride
It was love at first bite, but by our wedding night
I had a wild witch on the side
Now my goose is cooked, deep fried in hell
I have to duck and dive from fangs and spells

I'm self destructive, I've got a knack
I've got real talent, I ain't no hack
I got my will all set
I'm making my own bed
I'm self destructive
And I'll be done, done when I'm dead

I love dancing with lightning, electric and frightening
I chase tornadoes on my bicycle
I never stop to think twice
Speed right by the danger signs
I pick fights with guys two times my size

I'm self destructive, I've got a knack
I've got real talent, I ain't no hack
It's on my resume
I'm taking all the cred
I'm self destructive
And I'll be done

I'm self destructive, I've got a knack

I've got real talent, I ain't no hack
I'm very independent
I'm making my own bed
I'm self destructive
And I'll be done, done when I'm dead

Done when I'm dead
Done when I'm dead
Done when I'm dead
