## Nick Cave & The Bad Seeds "Albert Goes West"

Albert, he goes west
He crosses the vast indifferent deserts of Arizona, oh
yeah
He had a psychotic episode on a dude ranch
That involved a bottle of ammonia

Henry, he went south and lost his way Deep in the weeping forests of Le Vulva He grew so wan, he grew so sick He ended up in a bungalow sucking a revolver

Even the light up on your rainy streets offers many reflections
I won?t be held responsible for my actions

Bobby, he goes north then he goes east Then over to New Hampshire Bobby is a cautious man He walked into a Concord dive to drink a beer

Do you wanna dance?
Yeah, do you wanna move?
Yeah, do you wanna dance?
Do you wanna groove?
I said this world is full of endless abstractions
I won?t be held responsible for my actions

Me, I ain?t going anywhere
Just sit and watch the sun come up, I like it here, oh
yeah
I watch the people go ticking past
Go hey, hey, hey, you know, I gotta say I like it here

## Alright
