From Department of Enjoyment, NME compilation cassette; available on some bootlegs.

I put a spell on you, 'cause you're mine

You'd better stop those things that you're doin'

Oh, honey, I ain't lyin', no

Wow, you better quit it, your messin' around

You better quit it, your foolin' around

I put a spell on you, wow, cause you're mine

It serves you right to suffer

It serves you right to be alone

Oh, you forever live the day I done packed and gone

(?)

Oh you better kick it before it kicks you

Oh, you better quit it, it's true

I put a spell on you, wow, cause you're mine, mine,  
mine

You better quit it, your foolin' around

You better quit it, kick it, .... , oh you're messin' around

I put a spell on you, you, cause you're mine
