They're working us like dogs around here
'Cause pleasure is the boss
And I'm the happiest slave alive round here
'Cause pleasure is the boss
And nothing is safe that don't stand still
If it's O.K. with the boss
I'm gunna walk right up and take it yeah
If it's O.K. with the boss
Walk
What's O.K. with the boss is O.K. with me
What's O.K. with the boss is O.K. with me
What's O.K. with the boss is O.K. with me
What's O.K. with the boss is O.K. with me
What's O.K. with the boss is O.K. with me
What's O.K. with the boss is O.K. with me
