Don't call me said on repeat  
Don't call me, don't call me,  
Don't call me said you  
They work for ball and chain  
They work for ball and chain  
They work for ball and chain  
Don't call me said on repeat  
They work for ball and chain  
Yeah, once you fall in chains  
And it's all the same, yeah  
They work for ball and chain  
Don't call me said on repeat

See I'm independent in blood line  
Headed down to ground level  
Next generation is nervous  
Hoping they sound settle down  
And they voice change  
We trying to avoid fame  
So they speaking through the blackest void  
And then the noise came  
Before at certain voices, ripping the custom price tags  
God is real that's all I know, media outlets to like that  
My flight back is sweeter cause I'm headed home now  
The flattery is cool kids but try to make your own style  
Feel free to emulate the emcee but instead of...  
Pull yourself a python, drain an emcee with my records  
on  
Put in work,... and climb the upper echelon  
I reside the vibe inside you, I just how I never dorm  
Petty crimes committed by the biggest figures, this is...  
If you... rappers want attention then I'll give you some  
Never held it down so hard and heavy as I watch it turn  
Still I got a lot to learn, yeah, a lot to learn

What's your ball and chain,  
What's your prison cell  
Somewhere but... of this keep and hidden wealth  
So keep it Charlie Chaplin  
Others like to kiss and tell  
What's your ball and chain,

What's your prison cell  
Don't call me said on repeat  
Don't call me, don't call me,  
Don't call me said you  
They work for ball and chain  
They work for ball and chain  
They work for ball and chain  
Don't call me said on repeat  
They work for ball and chain  
Don't call me said on repeat

See now I'm well aware that they are prepared  
To lock it down and shut it up  
They say silence is golden but still say they in love with  
us  
That goes for radio, blogs, labels and music publishers  
A puddle jump, buckle up and bust them with an  
uppercut  
Flushing green potholes and... deep and wide  
So please don't get close to the edge when you peek  
inside  
This morning, I awoke to broken surface even times  
But when the people called... it's the blind leading the  
blind  
My homies think the same as me, we speak and say it  
differently  
To keep the keep it under lock,... my mans but keep it  
interesting  
... I'm man child, man versus many men at any trend  
If I'm not the greatest then please tell me now, who is it  
then?  
Watch my wind column,... I broke them chains already,  
where you've been?

What's your ball and chain,  
What's your prison cell  
Somewhere but... of this keep and hidden wealth  
So keep it Charlie Chaplin  
Others like to kiss and tell  
What's your ball and chain,  
What's your prison cell.
