(Verse 1:)

I walk with a confidence deep inside I'm anonymous
Non-apologetic apologist seeking sponsorship
Not because I wanted it, because you needed it
Bleed until I shake the ominous, we more than
conquerers
Monetary not a part of every feedback
Promissory noted when I'm quoted suckers ease back
Please ask and I'll tell you how to keep track
Stopping where they standing like I'm dominating
freeze tag
React like a chemical compound
Hard for me to listen when you told me to calm down
They diss what I'm believing, but they're copying our
sound
Sorry y'all we getting the lost found (huh!)
Never drowned out, I'm too strong and dangerous
Hearts on fire and Thunderspeak is the language
Listen for my voice and just follow me where the flame
is
Don't like the world you're living in? You got to change
it

(Hook) x2

You've got to hear it or
You've got to listen for
It's on time
It wasn't here before
All around the sound it's no wonder
It looks like fire, but it sounds like thunder

(Verse 2:)

When the sky cracks rumbling God's breathing is
coming in
Something lift the ground up to the heavens pushing
under him
Graves get restless and hands raise like they one of
His
Nevermore existed now they decided they want to live
Running sharecroppers from profit He'd land and hold
it's...

Precious 40 acres steady tossed into the ocean
Souls get shaken as soon as the wind blowing
Feel it from the South Pole and over to Oakland
Take it unopposed when He's speaking from the
podium
Your compound and peel back the linoleum
Texas style we was holding 'em close
I only hope that I'm in the spot he told me to go
See I fly with the lowliest ghost, breathe the holiest
Wind tunnel forces expose critics erroneous
God told me this was coming when he showed me the
Son
I couldn't keep it hidden under my tongue

(Hook:) x2

It happens when I start to breathe
Thunderspeak
And when I'm on my knees
Thunderspeak
I can see it cause I feel God under me
What's that rumbling?
Nothing but Thunderspeak
