Hit them with highs, hit them with the lows
Yeah, you picked the fine time!
But they are mad anywhere you go, yeah
You put the fire on time
Hit them with highs, hit them with the lows
Yeah, you picked the fine time!
Up and down man, anywhere it goes, yeah!

You picked the fine time to leave me here
So let me... while Americans were climbing on an easy
chair
Trying to take you... felt unbalanced but the fox is in the
his house
While she laying out her evening wear
Feel the head in here, the... need to clear the air
I wanna bleed the freedom that you each need to be
prepared.
I only got one pim, left us an easy spare
And knock you off your seven frame and beat you till
your speech prepared
Sound out the words are slow but they are sure
It may not be a lot, but you know that it's yours!
Keep it under lock and key, and hope that it's secure
... that's the flower and the... pollinate
Spread the fire and watch you populate
My desires measure a hundred times my body weight
I wanna have it all, but I don't wanna wait
Let's just hope that the next thing out my mouth is
something great

Chorus: (x2)
Hold on, hold on
This pocket feeling so strong
They told me life is I'll but it still goes on
Know what I know so I fear no one, no one

You picked a fine time to read time
Dragons are too pas you, out to pass you
But this one of them can breath fire
I'm too disturbed... conceived in the '70s
... piece of mind is plotted on the altitude where

Heaven be...
That's the loaded answer when you question me
I'm breaking off the cage bird... about to set it free!
(Drinks on) dude to the... with the big pockets
Gott get it back in the shape whatever kids call it
I'm big... what is he started
Heard it's... manufactory recorded
It's the... to the total lack of perspective
Plus I wouldn't power up because your friends were
disconnected
I hope that you ain't spinning yet cause you're in a
recession
Party people knocking on your door to start collecting

Chorus: (x2)
Hold on, hold on
This pocket feeling so strong
They told me life is I'll but it still goes on
Know what I know so I fear no one, no one
