[Intro]

Timati

Mariya

Busta Rhymes

And an exclusive of G productions

Ready?

Watch the T go

[Chorus] You can call me, when you need me,  
I'll be right there, I'm gonna love you.  
And no matter what you look like,  
Where you from cause, I'm gonna love you.

[Verse 1: Mariya] Give a kiss, give a hug,  
That's the reason to show love.  
With a beast stop crying,  
You can get on me to find it.  
Lend a hand, help a friend.  
What's the reason,  
Tell me what be finding.  
Well we could all be happy.  
We take it all for granted.

[Chorus]

[Verse 2: Timati] Please save the bay beast  
Black white Yellow stop  
All let the maybes  
Hating, crazy  
All a brother needed was a lil' push  
He so quick to push me  
Ride of the edge  
Write my name in red  
Write me off as dead,  
[Missed] They deliver.  
We keep on sippin' Patrone,  
Forget about the liver.  
I was born at the top of the world,

Now I travel round the globe,  
Showing love to the world.  
Who cares about the kids,

They on drugs.  
Little young girls  
Selling their bodies for love.  
See, we still got drawness manning slavery,  
God please save us, make a soul one please...

[Chorus]

[Verse 3: Busta Rhymes] Every single day I wake up,  
I'm always ready and willing  
Always focus on my grind  
And I hope you feel what I'm feeling  
So much thoughts be on my mind  
Going to process of building  
Every moment I'm a shine  
Cause I'm doing this for my children  
See the things I used to do  
I was told could be self destructive  
Mommy beat me in the head,  
'Til the things I did was productive  
That's why I count my every blessing  
Tryin to spead the love equal,  
And lead by good example  
I'll always inspire people

[Chorus]

[Timati] It's time to rid the world of wars,  
Hunger and Disease  
If we all come together, for the future of our kids  
To make it easier for them to live.  
What happened to little kids playing on streets,  
Old folks stepping to the beat,  
I hear the heart beat of the world is getting stronger  
I can feel it right now, yeah  
I can feel it right here, can you?  
I can feel it

[Chorus]
