I saw you , standing there, .. out of the crowd  
Couldn't help myself, from saying out loud  
Somebody call the ,  
The way she's burning me slow, oh  
No need to stop and roll, I'm already down, down,  
down

You're driving me crazy, body's amazing  
Why don't we take this to the floor?  
You pulling me closer, taking me over  
You burning me up and down and I want more  
Fire, tu cuerpo es fuego, el cuerpo es fuego, el cuerpo  
es fuego  
Uh girl your body's fire  
tu cuerpo es fuego, el cuerpo es fuego, el cuerpo es  
fuego  
Uh girl your body's fire

, all I can say  
Is where did you come? Ah  
I'll do whatever it takes  
Just to take you home tonight, yeah  
Somebody call the ,  
The way she's burning me slow, oh  
No need to stop and roll, I'm already down, down,  
down

You're driving me crazy, body's amazing  
Why don't we take this to the floor?  
You pulling me closer, taking me over  
You burning me up and down and I want more  
Fire, tu cuerpo es fuego, el cuerpo es fuego, el cuerpo  
es fuego  
Uh girl your body's fire  
tu cuerpo es fuego, el cuerpo es fuego, el cuerpo es  
fuego  
Uh girl your body's fire.
