Friday, I'm ready to party, hitting up the hot spot
Don't stop till we break it down
Cause it's the weekend, nothing's gonna stop me
I'm getting fucked up, come pick me up off the ground
Is this song skippy, is this room spinning, is it just me?
The club don't close until I leave
It's my night, it's my night, it's my night

Keep it going till we pass out, pass out
Till the morning, till we pass out, pass out
Don't stop until we pass out, pass out
Till the dj screaming get out, get out

Get about my way, I'm about to go crazy
Get about my way, I'm about to go crazy

Baby we gonna do this my way, I can let you try me,
trust me
I won't let you down, cause I've been drinking
I'm feeling kinda freaky
Wanna get nasty, throw me up against the wall
Is this song skippy, is this room spinning, is it just me?
The club don't close until I leave
It's my night, it's my night, it's my night

Keep it going till we pass out, pass out
Till the morning, till we pass out, pass out
Don't stop until we pass out, pass out
Till the dj screaming get out, get out

By the time the morning comes, I won't remember
Right now they playing my song, so until then
Get about my way, I'm about to go crazy
Get about my way, I'm about to go crazy

Keep it going till we pass out, pass out
Till the morning, till we pass out, pass out
Don't stop until we pass out, pass out
Till the dj screaming get out, get out X 2
Get about my way, I'm about to go crazy
Get about my way, I'm about to go crazy
