Drove by your house last night
Guess youâ€™re having trouble sleeping too
Cause thereâ€™s a light in your bedroom
Where usually you're out by two

Iâ€™m not judging you
But I could be next to you
We could be living our lives like the last day
Iâ€™m not rushing you
Itâ€™s all up to you
Said you need a little time
Go ahead take all of mine

These clothes, these sheets, these songs that I sing
These arms, this soul, this heart I donâ€™t need it
I packed it all up for you
Iâ€™ll leave it at your door
Till I just canâ€™t love no more
I will wait for you

Slept in the car last night
In case youâ€™ve realize you miss me too
And yeah I spend all my change on
Those flowers that I left for you

Iâ€™m not judging you
But I could be next to you
We could be living our lives like the last day
Iâ€™m not rushing you
Itâ€™s all up to you
You said you need a little time
Go ahead take all of mine

These clothes, these sheets, these songs that I sing
These arms, this soul, this heart I donâ€™t need it
I packed it all up for you
Iâ€™ll leave it at your door
Till I just canâ€™t love no more
I will wait for you

These clothes, these sheets, these songs that I sing
These arms, this soul, this heart I donâ€™t need it

I packed it all up for you
I'll leave it at your door
Till I just can't love no more
I will wait for you

These clothes, these sheets, these songs that I sing
These arms, this soul, this heart I don't need it
I packed it all up for you
I'll leave it at your door
Till I just can't love no more
I will wait for you
I will wait for you
I will wait for you
