In my arms so close together
Right there through whatever
A love like sunny weather
No it doesn't get any better, yeah
In the moonlight underneath the stars
On the freeway, driving in my car
If you hear me, tell me where you are
Cause I'm waiting for you, I'll be waiting for you

And I won't have another reason
To feel my heart about to break
Until then I'll steady wait to the day you're here

[Chorus]

You got me caught up in my head, thoughts of you and
I
wishing you were here
I wanna be where you are
Wherever you are
You got me preaching for you like you're
right by my side
Preaching you were here
I wanna be where you are
Wherever you are

In my ear, I remember all the words that you'd whisper
Take my shoulder to ... over
Cause I'm waiting for you, I'll be waiting for you
And I won't have another reason
To feel my heart about to break
Until then I'll steady wait to the day you're here

[Chorus]

You got me caught up in my head, thoughts of you and
I
wishing you were here
I wanna be where you are
Wherever you are
You got me preaching for you like you're
right by my side
Preaching you were here

I wanna be where you are
Wherever you are
Wherever you are, wherever you are
Be where you are
Wherever you are,

[Chorus]
