Oh, never, hey  
Never, oh, never hey  
Never, oh, never hey  
Never, oh, never hey

Out of an unknown place  
Kinda like left field  
You came in my life and help me heal  
Just in the nick of time  
When I lacked the will to keep on moving on  
You've been in my dreams, before now  
I couldn't figure out the reasons  
I kept asking God why  
And now I'm receiving abundance of love  
And I get it,  
But I never could imagine it

Chorus:  
Never in my wildest dreams, no, no, no  
Did I think someone could care about me, oh  
Not just the way you love me  
You know I'm emotional (sometimes)  
Not in, not in, not in, not in my wildest dreams  
Never in my wildest dreams (never in my life)  
Did I think someone could care about me  
(It's so beautiful)  
Not just the way you love me  
You know I'm emotional (sometimes)  
Not in, not in, not in, my wildest dreams  
Never, never, oh, never hey  
Never, never, oh, never hey  
Never, never, oh, never hey

It's hard to hold back tears,  
Whenever you hold me close  
I think about the years I spent saying this is all I want  
Just wanted someone real to love me for me, me, me  
yeah

It seemed I had it all, that's what they thought  
But I was peeling like paint on the wall

And I had to cover up the hurt (hurt, hurt)  
Uh, I was told by many, that they loved me  
But I wasn't love like this

Chorus:

Never in my wildest dreams,  
(Never in my wildest dreams)  
Did I think someone could care about me, oh  
Not just the way you love me  
You know I'm emotional sometimes  
Not in, not in, not in, not in my wildest dreams  
Never in my wildest dreams, never did I think  
Did I think someone could care about me  
Not just the way you love me  
You know I'm emotional sometimes  
Not in, not in, not in my wildest dreams

I'll give all I have, for exchange  
To have someone who loves me for me  
(Anything can be replaced)  
Not love  
There ain't no reWlacing, it either is or it ain't

Chorus:

Never in my wildest dreams,  
Did I think someone could care about me, oh  
Not just the way you love me  
You know I'm emotional sometimes  
Not in, not in, not in, not in my wildest dreams  
Never in my wildest dreams,  
Did I think someone could care about me  
Not just the way you love me  
(It's not just the way you love me)  
You know I'm emotional sometimes  
Not in, not in, not in, my wildest dreams
