I'm alright standing in the street lights here
Is this meant for me?
Is my time on the outside over?
We all know how you've spende'd all of your days
Knowing that love isn't here
You see the pictures
But you don't know there names
Cause love isn't here

And I can't do this by myself
All of these problems, they're all in your head
And I can't be somebody else
You took something perfect and painted it red

No sympathy, when shouting out is all you know
Behind your lies, I can see the secrets you don't show
We all know how you've spende'd all of your days
Knowing that love isn't here
You see the pictures
But you don't know there names
Cause love isn't here

And I can't do this by myself
All of these problems, they're all in your head
And I can't be somebody else
You took something perfect and painted it red

You take the best things from me
Then everything gets empty
That's not a world that I need

You take the best things from me
Then everything gets empty
That's not a world that I need

And I can't do this by myself
All of these problems, they're all in your head
And I can't be somebody else
You took something perfect and painted it red

I can't do this by myself

All of these problems, they're all in your head
And I can't be somebody else
You took something perfect and painted it red

You took something perfect and painted it red
You took something perfect and painted it red
You took something perfect and painted it red
