Shine like the sun into my life again
I want you to shine like the sun into my life again

Shine like the sun into my life again
I want you to shine like the sun into my life again
Come on baby, baby please...

Shine on this heart and make it whole again
I want you to shine on this heart and soul of mine and
make it warm again
Come on baby...

I want you to shine like the sun into my life again

Come on baby...
I want you to shine like the sun and make it warm again
Come on baby, baby please...
Come on baby, baby please...

I want you to shine like the sun into my life again
It's been such a long lonely time
I don't even feel like myself
It's been such a long lonely time
And I don't even know what to do with myself
Come on baby, baby please...
