Devil's on the rise with his old bag of hope  
Man's down on his luck with the same hope for a rope  
Watching above as her tears turn to rain  
Our world's mistakes into someone else's pain

I could die young tonight I'll sell all my blessings for  
free  
Just when you think you're lost look though another's  
eyes  
Their tears their fears their laughter their thoughts  
their worries their cries  
Live this life with no regret in the end there's nothing  
left  
It's hard enough just to find a friend instead of  
listening they just pretend

I could die young tonight I'll sell all my blessings for  
free  
I could die young tonight I'll sell all my blessings for  
free

He yelled she cried they told us lies my heart just won't  
give in  
Her pain my reign this simple game this world's driving  
me insane  
Well, I'm gone I'm gone I'm gone away gone away to a  
better day  
I'm gone I'm gone I'm gone away

Looking though the world with closed eyes you'll be  
surprised just to realize  
Like a shot on the chin that knocks you down to size  
Don't look down don't look down  
Be my friend and then my lover when were in public  
don't blow my cover  
When you grow I just suffer living your life just to  
please another

I could die young tonight I'll sell all my blessings for  
free  
I could die young tonight I'll sell all my blessings for  
free

He yelled she cried they told us lies my heart just won't  
give in  
Her pain my reign this simple game this world's driving  
me insane  
Well, I'm gone I'm gone I'm gone away gone away to a  
better day  
I'm gone I'm gone I'm gone away
