When you said that yesterday
That it's nearly Christmas
What did I want
And I thought
Just love me, love me, love me
That's what I want for Christmas
When I walk through a room
Let them see you need me
Walk through a room
Let them see you love me, love me, love me
That's what I want for Christmas

Anyone can wish for all the trinkets in the window
Some can even buy the ones they see
But the presents that I want (I want)
You'll never find in any window
Bring me love and bring it just for me (for me)
When you come home at night
Take me in your arms and hold me
Kiss me, and say you love me, love me, love me
That's what I want for Christmas

Da doo da doo

Hoo hoo hoo
Love me, love me
That's what I want
That's what I want for Christmas, yeah
Anyone can wish for all the trinkets in the window
Some can even buy the things they see
But the presents that I want (I want)
You'll never find in any window
Bring me love and bring it just for me (just for me)

When you come home at night
And take me in your arms
And you hold me
And you kiss me
And say you love me, love me, love me
That's what I want for Christmas
Hold me (hold me), kiss me (kiss me)

That's what I want for Christmas
