Hmmm! Oh, yeah!
OK, see, it's been going on for too long,
In this [?] address, the situation [?]
MirImage, let's go!

I don't know when it started
Not sure how it begun,
We started keeping secrets
About what we're doing with our friends!
Oh, when you're phoning, you had to leave the room,
But boy I am the judge when I'm doing the same thing
That you do (that you do)
Playing games like you don't really know the truth!
We stopped questioning each other
Where are you?
Girl, we should be ashamed,
[?] everything is OK, playing these little games!

[Chorus:]
Cause I'm cheating and you're cheating,
Behind my back, behind your back,
And still we act like tide!
Just because we both know we're doing wrong,
Don't make it right!
Someone else is kissing me,
Someone else is holding you,
You're doing it to get back at me,
Doing it to get back at you!
But we both know that two wrongs don't make a right!
Cause it ain't right, it ain't right!

Remember when I heard he was messing with an old
dude
Can't believe what I was hearing,
Never thought that it would be you!
But then I started thinking maybe it [?]
I made [?] with my ex when you was gone that we [?]
I never would have thought it, if I see you the week
before,
Fighting with that problem, [?]
I don't know who started what or who played who first?

But if we don't stop now somebody is gonna get her!

[Chorus:]

Cause I'm cheating and you're cheating,
Behind my back, behind your back,
And still we act like tide!
Just because we both know we're doing wrong,
Don't make it right!
Someone else is kissing me,
Someone else is holding you,
You're doing it to get back at me,
Doing it to get back at you!
But we both know that two wrongs don't make it right!
Cause it ain't right, it ain't right!

Baby, I don't know what's going on,
But I'm cheating on you,
You're cheating on me,
This is crazy!
We gotta stop the non-sense!

If we're continuing what we're doing,
We'll be leaving our love behind,
Cause as long as we're doing each other wrong,
We can't never love each other right!

[Chorus:]

Cause I'm cheating and you're cheating,
Behind my back, behind your back,
And still we act like tide!
Just because we both know we're doing wrong,
Don't make it right!
Someone else is kissing me,
Someone else is holding you,
You're doing it to get back at me,
Doing it to get back at you!
But we both know that two wrongs don't make it right!
Cause it ain't right, it ain't right!
Cause I'm cheating and you're cheating,
Behind my back, behind your back,
And still we act like tide!
Just because we both know we're doing wrong,
Don't make it right!
Someone else is kissing me,
Someone else is holding you,
You're doing it to get back at me,
Doing it to get back at you!
But we both know that two wrongs don't make it right!
