in a in a deep sleep  
awaken by the druggers  
kept you hidden here with me  
was not prepared  
for a dead end  
take me take me downtown  
tonight  
I want to forget  
I want lights too  
Blind me  
I want you  
want to disappear  
oh, oh dj, ease my mind will you  
play that song again  
cause we were in love

before, before the rain began  
and if I cry out, cover my ears  
a foreign hand and runaway horses  
restless doubt heartin  
in a vision  
I did not see  
see it coming  
now it's in my blood  
now it's in my blood  
oh, oh dj, ease my mind will you  
play that song again  
cause we were in love  
before, before the rain began  
and if I cry out, cover my ears
