Well I wanted you (i wanted you)
I wanted no one else
I thought it through (thought it through)
I got you to myself
You got off
Every time you got on to me
I got caught up
In favorable slavery

Was it wrong? Was it wrong?

[CHORUS]

I guess it wasn't really right
I guess it wasn't meant to be
It didn't matter what they said
'Cause we were good in bed
I guess I stuck around so I could watch us fight
For all the wrong reasons
No, it didn't matter what I tried
It's just a little hard to leave
When you're going down on me
I guess I stuck around so I could watch us fight
For all the wrong reasons

Well you know my friends (you know my friends)
Well they know you're enemies
I'd pretend (I'd pretend)
Not to hear what they said to me
'Cause I got off
Every time you got on to me
Was it wrong
To go along with insanity?

Was it wrong? Was it wrong?

[CHORUS]

I guess it wasn't what I wanted,
It wasn't really what I thought,
I thought it was the day I got,
I want it all to go away,

I guess it wasn't what I wanted,
It wasn't really what I thought,
I thought it was the day I got,
I want it all to go away,
I guess it wasn't what I wanted,
It wasn't really what I thought,
I thought it was the day I got,
I want it all to go away,
I guess it wasn't what I wanted,
It wasn't really what I thought,
I thought it was the day I got,
I want it all to go away

[CHORUS]

I guess it wasn't really right (i guess it wasn't really
right)
I guess it wasn't meant to be (it wasn't really meant to
be)
It didn't matter what they said
'Cause we were good in bed
I guess I stuck around so I could watch us fight
For all the wrong reasons
No,(it didn't matter what i tried)
It didn't matter what I tried (it wasn't really meant to be)
It's just a little hard to leave
When you're going down on me
I guess I stuck around so I could watch us fight
For all the wrong reasons
