Its okay it just sucks to hear it on the phone
Going from town to town knowing you won't be there
when I get back home.
Gonna be so lonely and so lost there without you
Who am I take to the movies whom I gonna make out
with at the end
If you're gonna leave me set me up with one of your
friends.
I won't find another girl on my own
I don't think you understand how dependent on you I've
grown
Gonna gripe and moan till someone does something
for me.
Whom I gonna bring to the party
Whom I gonna cling to when the room spins
If you're gonna leave me set me up with one of your
friends.
Who am I gonna go all the way with, yeah you're right I
won't, but I like to pretend.
If you're gonna leave me set me up with one of your
friends.
Ask around don't you think some girlfriend of yours is
dying to take care of me
I'm a little lamb with a little money and lots of hugs to
give for lots of love, oh
Whom I gonna buy souvenirs for whom I gonna fly out
for the week end.
If you're gonna leave me set me up with one of your
friends.
Whom I gonna take to the Grammys whom I gonna
make out with when I win.
If you're gonna leave me set me up with one of your
friends.
set me up with one of your friends.
