One day you'll see her and you'll know what I mean
Take her or leave her she will still be the same
She'll not try to buy you with her time
Nothing's the same, as you will see when she's gone

It's foreign on this side
And I'll not leave my home again
There's no place to hide
And I'm nothing but scared

You dream of colors that have never been made
You imagine songs that have never been played
(They will try to buy you and your mind)
They will try to buy you and your mind
Only the curious have something to find

It's foreign on this side
(Hoo, ooo, ooo, ooo, ooo)
And the truth is a bitter friend
Reasons few have I, to go back again

Your first dawn blinded you left you cursing the day
Entrance was crucial and it's not without pain
(There's no path)
There's no path to follow, once you're here
You'll climb up the slide and then you'll slide down the
stairs

It's foreign on this side
(Foreign on this side)
But it feels like I'm home again
There's no place to hide
But I don't think I'm scared
(There's no place to hide)
(There's no place to hide)
But I don't think I'm scared
There's no place to hide
But I don't think I'm scared
