Since the moment I spotted you  
I'd walk around with little wings on my shoes  
My stomach's filled with the butterflies, and it's alright  
Bouncin' round from cloud to cloud  
I got the feeling like I'm never gonna come down  
If I said I didn't like it then you'd know I lie

Every time I try to talk to you  
I get tongue tied  
Turns out everything I say to you  
Comes out wrong, and never comes out right

So I'll say why don't you and I get together  
Take on the world and be together forever  
Heads we will and tails we'll try again  
And I'll say why don't you and I hold each other  
Fly to the moon and straight onto heaven  
Cause without you they're never gonna let me in

When's this Fever gonna break?  
I think I've handled more than any man can take  
I'm like a lovesick puppy chasing you around, and it's  
alright  
Bouncin' round from cloud to cloud  
I got the feeling like I'm never gonna come down  
If I said I didn't like it then you'd know I lie

Every time I try to talk to you  
I get tongue tied  
Turns out everything I say to you  
Comes out wrong and never comes out right

So I'll say why don't you and I get together  
Take on the world and be together forever  
Heads we will and tails we'll try again  
And I'll say why don't you and I Get Together  
Fly to the moon and straight onto heaven  
Cause without you they're never gonna let me in

And slowly I begin to realize this is never gonna end  
And right about the same time you walk by and I say

Oh here we go again.. oh  
Every time I try to talk to you  
I get tongue tied  
Turns out everything I say to you  
Comes out wrong and never comes out right

So I'll say why don't you and I get together  
Take on the world and be together forever  
Heads we will and tails we'll try again  
And I'll say why don't you and I Get Together  
Fly to the moon and straight onto heaven  
Cause without you they're never gonna let me in
