Young an' with no clue
Now I wanna love you
Give me the key to
What it's about?

Everything I've read
Everything you've said
Prove you're ove' my head
Help me climb out

I know that you don't need nobody
Are you sure, you're that sure about me?

Ooo ooo ooo ooo
Ooo ooo ooo ooo

Hey, what did I do?
I've spoken too soon
Listen to this tune
Forget the words

Wait until someday
(Wait until someday)
'Cause when I know what to say
(Know what to say)
I'll say it in the best way
You've ever heard
(Ooo)

I know that you don't need nobody
Are you sure, you're that sure about me?

Young an' with no clue
Still wanna love you
Give credit where it's due
I've got good taste

It's not like I wanna get married
I never asked you to kiss me
Just don't want you to be sorry
You didn't try
