"7-11"

Just another night,
Another practice,
Same old town,
Same old time.
Cruisin' in the car with the radio on,
I wouldn't have it,
Any other way....

Just another night at the 7-11,
Slush puppies and skating.
Talk about the band and talk about girls,
Leave all your troubles behind,
Life is good at the 7-11.

Life is good at the 7-11.

Just another night at the 7-11,
Slush puppies and skating.
Talk about the band and talk about girls,
Leave all your troubles behind,
Life is good at the 7-11.

Life is good at the 7-11.
