Verse1:

I keep playing it inside my head  
All that you said to me  
I lie awake just to convince myself  
This wasn't just a dream  
'Cause you were right here  
And I should have taken the chance  
But I got so scared  
And I lost the moment again  
It's all that I can think about, oh  
You're all that I can think about

Chorus:

Is your heart taken  
Is there somebody else on your mind  
I'm so sorry, I'm so confused  
Just tell me am I out of time?  
Is your heart breaking  
How do you feel about me now  
I cant believe I let you walk away when  
When I should have kissed you  
I should I should oh i should've kissed you x4

Verse 2:

Every morning when I leave my house  
I always look for you, yeah  
I see you everytime I close my eyes  
What am I gonna do  
And all my friends say  
That I'm punching over my weight  
But in your eyes  
I saw how you were looking at me  
It's all that I can think about, oh  
You're all that I can think

Chorus:

Is your heart taken  
Is there somebody else on your mind  
I'm so sorry, I'm so confused  
Just tell me am I out of time?  
Is your heart breaking  
How do you feel about me now  
I cant believe I let you walk away when  
When I should have kissed you  
I should I should oh i should've kissed you x4

Verse 3:

When you stood there just a heartbeat away  
When we were dancing and you looked up at me  
If I had known then that I'd be feeling this way  
If I could replay I would have never let you go, no...  
Never let you go  
Am I out of time

Chorus:

Is your heart taken  
Is there somebody else on your mind  
I'm so sorry, I'm so confused  
Just tell me am I out of time?  
Is your heart breaking  
How do you feel about me now  
I cant believe I let you walk away when  
When I should have kissed you  
I should I should oh i should've kissed you x4  
I should've kissed you
