I see you smiling holding hands
From the corner, of my eye
Don't think I'll ever understand
Why it should be when it should be me

Girl think you should know how I feel
What it is too real to ignore
Yeah,
He means it when he says he loves you
I swear I can love you so much more, more

But I can never find the words to say
When I'm around you I just don't know what to do
And you don't know that you're the only girl
That's got me falling, falling, falling in love with you

Tell me what I gotta do
Cuz I want you
The way he does
But I'm invisible to you
So you won't see what you mean to me

Girl think you should know how I feel
What it is too real to ignore
Yeah,
He means it when he says he loves you
I swear I can love you so much more, more

But I can never find the words to say
When I'm around you I just don't know what to do
You don't know that you're the only girl
That's got me falling, falling, falling in love with you

Whoa-whoa-whoa
Whoa-whoa-whoa
Whoa-whoa-whoa
Whoa-whoa-whoa

You take my breath away
It's such a cliché
Day after day

It's what you do girl

What's he's got is ours
Now I'm counting the hours
Tell me how can I live like this

But I can never find the words to say
When I'm around you I just don't know what to do
You don't know that you're the only girl
That's got me falling, falling, falling in love with you

But I can never find the words to say (I love you)
When I'm around you I just don't know what to *do*
You don't know that you're the only girl
That's got me falling, falling falling in love with you

Whoa-whoa-whoa
Whoa-whoa-whoa (in love with you)

You don't know that you're the only girl
That's got me falling, falling, falling in love
With You
