I told you that I didn't want to go
I told you I don't want to
Sleep alone

As the minutes passed you said to
Stay but nothing here would last

Then it all started with a kiss
Life it seems could never taste like this
With the morning came the pain
You had left me all the same

Well I couldn't deny that this made me feel safe

As time that is passing me by is changing my face
I'm sorry you didn't notice
I'm sorry you didn't notice
I'm sorry you didn't notice what this meant
So what was it all for anyhow and who's to blame

You've come up with a hundred ways to lie
Honesty is something you should try
A smile, a kiss, you're wicked just like this
And never told me why
