I wanna see daylight
I wanna see daylight

I feel and looking like it supposed to look
When we gave each other the promised rings
Do you remember when I said that
You were what I want it and you said the same
Lately I've been feeling you don't feel that way
About me about us about love
Here we get this

Chorus

We just can't get it right
We fight every night
And hurts every single time
I wanna see daylight
I'm trying to answer why
I don't wanna say good bye
I wanna see daylight
I wanna see daylight

Now the days are gone
Can't believe my baby is gone
.. she left with no detail
I can't get her on the phone

I called her ten times on a row
All she left me was a ...
I won't give up on her
When you truly love someone you fight ..
You told me you love me
But I guess you don't

Chorus

If I can't find your baby
This is your song
(repeats)

I'm at the window
The dar .. cellphone

I checked every hospital
I need to know you are alright
I wanna see what the weather man says
.. forecast
Cause I don't want no rain
Come back home baby
Oh oh
