She broke up it was pretty bad
The kind of girl you just want to have
You were together a couple of years
And not a single tear

Not a single tear

Save the day until she goes
Save the day until she goes
Save the day to when you're feeling down
Save the day to when you're feeling really down

Love ain't a feeling it's a drive
And that's keeping you alive
When you're feeling dark and cold
Just remember it's out of your control

Wait for it to get over
Or until you find a four leaf clover
When you find it hard to be
Just forget it
And come to me

Just come to me

Save the day until she goes
Save the day until she goes

Save the day to when you're feeling down
Save the day to when you're feeling really

Save the day until she goes
Save the day until she goes
Save the day to when you're feeling down
Save the day to when you're feeling really down

She got you up
She got you down
Why are you still hanging around
She got you high
She got you low
Hey man do you got some blow

Save the day until she goes
Save the day until she goes
Save the day to when you're feeling down
Save the day to when you're feeling really down

Save the day until she goes
Save the day until she goes
Save the day to when you're feeling down
Save the day to when you're feeling really down
