I sing to you
I dance with you
I cry before ,here in this place
I give my all
Just to behold
Just to be near, here in this place

Just you and me
Everything so clear
Now I am free
Just you and me
Don't care who sees
Don't care who hears
Oh how I love this place of Worship

Oh how I love this place with you 3x

Oh how I love this place where I'm

Free to dance with you
Free to sing to you
Free to hear from you
When I 'm with you I am
4x

Free to worship
Free to bow down
Free to cry out
When I'm with you I am
4x

When I'm with I am free 4x
When I'm with I am
