With the devil on my back and God in my heart,
I used the hands that built you up to fucking rip you
apart.

You turned their whole world upside down and filled
heads with doubt,
But there's just one small thing you forgot about.

That on the other side of heaven , there's always a hell
And that's one fucking place I know all too well.
So I'll pick up a pen and from beginning to end,
I'll write the three words we will defend:
Follow your dreams
Go!

Don't give in,
To all the lies that they fed you
And everything they said about me just to deceive you.
So let me ask you: Why would I give a fuck?
So sit back, enjoy the show.
There's just a few things I think you should know.
Like how your sticks and stones, won't break these
bones,
Or seize the throne, because
I'm the man of steel!

So before you place the blame on anyone else,
Why don't you take a step back and fucking start with
yourself?
We never gave up, we never gave in, we never gave up
on you!
So don't give up on me! (give up on me)
