Hot and dangerous
If you're one of us then roll with us
'Cause we make the scene girls fall in love
When we got our tight pants on and up
And yes, of course it does
We're running this town just like a club
And no you don't wanna mess with us
[S] Army on my necklace.

I got that war paint on my eyes
[S] Army standing by my side
Lookin' fresh and modified
So let's go, let's go.

Tonight we're going hard
Just like the world is ours
We're tearing it apart
You know we're superstars,
We are who we are

We're dancing like we're dumb
Our bodies going numb
We'll be forever young
You know we're superstars,
We are who we are.

DJ, turn it up!
It's about damn time to live it up
I'm so sick of being so serious
It's making my brain delirious,
I'm just talking truth
I'm telling you about the shit we do
We're selling our clothes,
Sleeping in vans,
Dressing it down,
Hittin' on bitches hard.

I got that war paint on my eyes
[S] Army standing by my side
Lookin' fresh and modified
So let's go, let's go.

Tonight we're going hard
Just like the world is ours
We're tearing it apart
You know we're superstars,
We are who we are

We're dancing like we're dumb
Our bodies going numb
We'll be forever young
You know we're superstars,
We are who we are.

DJ turn it up!

Now the party hasn't stopped since we walked in
You still can't handle us
'Cause we're still fucking scandalous
No one ever planned for us
Woe, Is Me get down with us

So to all the cities around the world
Raise your glass for a toast to what it means to live

I got that war paint on my eyes
[S] Army standing by my side
Lookin' fresh and modified
So let's go, let's go.

Tonight we're going hard
Just like the world is ours
We're tearing it apart
You know we're superstars
We are who we are.

So let the bass drop!

We'll be forever young.
