Turn me up a lil bit ugh yes squad
my swag on london ur swag dead adios
snake ass niggas
fake ass friends always dont change
i can only be me, i would never change
same lil boy from jamaica queens same block same
hood same dirty fiend
same house on the corner with the wooden gate 20
people live inside but we all hate
cant change, wont change
say somethin for the fame
put my faith in the lord cant trust in that
never steer me wrong you could trust in that x3
grandmama sick again gotta a nigga stressed out
but she said hold up ur head and walk with ur chest out
idk what i should do it was like she birthed me
7 yrs bad luck i think this mirror cursed me
pain when i rap, rap full of pain
same mentality never will i change
never sell my sould not even for the fame
survive hard times and look what i became
cant change, wont change
say somethin for the fame
put my faith in the lord cant trust in that
never steer me wrong you could trust in that x3
i can never change only for the best
for my friends fans and family just forget the rest
rip to gbaby rip to dunk i know you watchin from the
my life changed livin in the fast lane
kill or be killed thats the food chain
mean mug but im really not a bad guy
never change stay the same till i die
cant change, wont change
say somethin for the fame
put my faith in the lord cant trust in that
never steer me wrong you could trust in that x3
back in my wife beater whole lotta tats
still with the same niggas whole lotta straps
life not the same since dunk passed away
i woulda never guessed it not on my darkest day
everytime you up satan wanna see you down
but you gotta swim in faith prayin you dont drown

a lot of hard times come with the crown
didn't change then, wont change now.
cant change, wont change
say somethin for the fame
put my faith in the lord cant trust in that
never steer me wrong you could trust in that x3
