I fall without moving, try to find another way
To tell myself they're lying, it's all only a play
Now all I need, all I need in my life, is to know why
Know why

I know now why we need love and empathy,
You never showed the pain, and all the shame,
I know how it feels, I know how it feels,
I know how it feels,
To lose a friend

I know that it hurts, definitely a tragedy, but
remembering your life
Brings be back to the comedy, do you remember that
night on Halloween when we
Drove through the town with all the beauty queens?
Chorus

Bridge:
and I don't know, I don't know , I don't know why, and I
don't know, I don't know why,
Well I don't know, well I don't know, I don't know why

Chorus

End
