Welcome boy you got lost  
I my evil land  
Seek no joy  
In this world of mine love is not around.  
Pain will come first,  
Oh no! there's no way back home.  
Cry if you want there's no use.

Welcome!  
You've been a bad boy!  
Welcome!  
To the city of your endless shame.

Now's the time to recup  
All your dirty sins  
In this world of mine love is not around.  
Pain will come first, ba ba ba ba baa, there's no way  
back home.

Cry if you want... there's no use.

Welcome!  
You've been abandoned.  
Welcome!  
To the city of your endless shame.

Pain will come first, ba ba ba ba baa, there's no way  
back home.  
Cry if you want there's no use.

Welcome!  
You've been abandoned.  
Welcome!  
To the city of your endlss shame.
