You walk into the room
Like you own the moon
You think the world revolves around you
Who died and made you king
You're expecting me
To fall for you cause you can give me
Everything that matters
Everything that matters

You got it going on
Everything about you
Is everything a shallow girl would wanna cling to
You got the money, got the car, got the real estate,
The bluest eyes in the world
Right moves, right words, right now
Wrong girl
(You got the wrong girl)

I grew up in a little town
I love to watch the sun go down
It's hard for you to see but to me that's
Everything that matters
Everything that matters

You got it going on
Everything about you
Is everything a shallow girl would wanna cling to
You got the money, got the car, got the real estate,
The bluest eyes in the world
Right moves, right words, right now
Wrong girl

I don't need your credit cards
I need your heart
Best things in life are for free
And you can't buy me

You got it going on
Everything about you
Is everything a shallow girl would wanna cling to
You got the money, got the car, got the real estate,

The bluest eyes in the world
Right moves, right words, right now
Right moves, right words, right now
Right moves, right words, right now
Wrong girl
(You got the wrong girl)
Wrong girl
