VERSE 1:

Girl, do you remember?
That day last summer, when you said that I am the one
for you
Girl, cuz i remember
That day last summer
you said you wanna ride w me w/ the top down, under
the stars
Nobody else had my attention
You brought me to another dimension
U had me love drunk and ya body callin out my name

CHORUS:

From sunset to sunrise
I'll take you on a ride to paradise
A night to remember that summer love
From sunset to sunrise
Girl just close your eyes
Let's make that summer love

VERSE 2:

Girl, tell me how you like it,
Ima do it right baby
Won't stop even if it takes all night
I've wanted this far too long
So right that it can't be wrong
Oh yeah, this is your song
Whenever the night comes
We gon' do it again
I don't want it to end
I wanna be more than just friends
I never thought I'd see the day
Where I could call you my lady

CHORUS:

From sunset to sunrise

I'll take you on a ride to paradise
A night to remember that summer love
From sunset to sunrise
Girl just close your eyes
Let's make that summer love

BRIDGE:

Come on, I wanna ride with you baby
Come on, I feel alive with you baby
Come on, I wanna ride with you baby
And make that summer love

Come on, let's put the top down
Come on, I wanna rock now baby
Come on, let's put the top down baby
And make that summer love

Come on, won't you be my lady
Come on, you know you drive me crazy
Come on, won't you be mine
And make that summer love

Come on, let em watch us baby
Let em say something, let em say something
Come on, let em watch us baby
And make that summer love

CHORUS:

From sunset to sunrise
I'll take you on a ride to paradise
A night to remember that summer love
From sunset to sunrise
Girl just close your eyes
Let's make that summer love
