How bout a dance  
What do you say  
I've got some moves  
That I'd love to show ya  
Let's find a spot  
And dance the night  
Away...  
How bout a dance  
It's always fun  
Come over here  
Let me get to know ya  
Can't beat a band  
To lift your spirits high  
You look so handsome  
How bout a dance  
Let's make a start  
Music like this  
Can really throw ya  
You'll lose the blues  
And you may lose your heart  
Tonight is the night I've been waiting for  
Even the moon looks just right  
I'm sure the crowd will make room on the floor  
When they see you  
Look like you do  
So...  
How bout a dance  
Let's make a start  
Music like this  
Can really throw ya  
You'll lose the blues  
And you may lose your heart  
You'll lose the blues  
And you may lose...  
Your heart...
