BONNIE:

I gotta get out now while I still can
While I'm still in the clear
The dream is done it's over now
Gotta get me outta here

CLYDE:

Don't say that we're both in shock
We need to think this through
It ain't my fault I had no choice
Nothing I could do

BONNIE:

With that bullet you shot him and you shot me
Clyde how stupid can you be?

CLYDE:

It's too late to turn the clock back
I would do it if I could
We can talk bout this forever
But it still won't do no good
I wouldn't hurt you for the world babe
But we'll get through this somehow

BONNIE:

I'll get through this cause I'm leaving
Not too late to turn back now

Thought I'd sign with MGM
I won't see that dream die

CLYDE:

I don't give a damn bout MGM
And don't you say goodbye
How can you think of leaving
Get those thoughts out of your head
You ain't going nowhere

BONNIE:

Clyde I meant what I said

CLYDE:

You come here right now show me that Bonnie smile
Babe I need to see that smile

It's too late to say I'm sorry
It's too late for all of that
We cannot change what has happened
Let's face what we're looking at
You got every right to be mad
But let's move on anyhow
We were born to be together
It's too late to turn back...

BONNIE:

My mistake is loving you
Even if I walked away
My heart won't let me get far
I would die without you Clyde

CLYDE:

I would die without you babe

BOTH:

And now look how alive we are

It's too late to turn the clock back
It's too late for all of that
It's too late to beg forgiveness
Let's face what we're looking at

BONNIE:

I knew I would make the headlines
But I wasn't sure just how

BOTH:

Feel our journey has just started

CLYDE:

It's too late to turn back now

BONNIE:

It's too late to turn back now

CLYDE:

It's too late to turn back now

BONNIE:

It's too late to turn back now

BOTH:

It's too late to turn back now
