I don't wanna walk away, and even though I know I  
should  
I kinda find it hard, to let go, let go  
I swear I thought I heard you say  
That we were onto something good  
It's just another false alarm, oh oh oh

Cause even if I keep you talking  
Even if I make you smile  
I know I'm gonna keep on falling  
I'm gonna try, try, try  
Even after every warning  
Even if I lose my mind  
I'll never get it right  
I'm gonna try, try, try

I'm gonna try, try, try, oh oh

I'm sorry if I wear you down  
I'm trying to leave you well behind  
But it's hard to say goodbye  
To say no, say no  
Cause even if I turn around  
You'll be playing on my mind  
And I won't give up without a fight  
No, no, no

Cause even if I keep you talking  
Even if I make you smile  
I know I'm gonna keep on falling  
I'm gonna try, try, try  
Even after every warning  
Even if I lose my mind  
I'll never get it right  
I'm gonna try, try, try

This giving up is hard to do  
It's only because you're beautiful  
But I'll keep on moving on  
And maybe I'll come back to you  
And one day you might feel it too

Gotta keep on pushing through

I'm gonna try, try, try, oh oh

Cause even if I keep you talking  
Even if I make you smile  
I know I'm gonna keep on falling  
I'm gonna try, try, try  
Even after every warning  
Even if I lose my mind  
I'll never get it right  
I'm gonna try, try, try
