Verse 1:

You, and I
We can travel
Come on I'll show you the city
So come close, To me
And I can show you all the things
That we can do with our feet

Prechorus:

Girl don't be shy
Just let your hair loose
If you ain't got your style
Then do what I do
We can dance all night
I can show you how
All that's left for us to do right now is to

Chorus:

Let go and feel rhythm
Feel the beat and feel the bass
Let's take over the whole dance floor
Like we own the place
Show them all how we do
We got skills
you know it's true
Don't worry it's just me and you
Just me and you

So dance, dance, dance
Take your chance, chance, chance
Hold my hand, hand, hand
Or you can fly solo

Cause girl we're so, so, so
Unstoppable, ble ble ble
So don't let go, go, go
They need to know, know, know

With us it's always whatever

We can do this forever
Yeah
No kidding

Estamos locos, but you know it
Te amo guapa, and I show it
Now It's my chance, don't wanna blow it now

Prechorus:

Girl don't be shy
Just let your hair loose
If you ain't got your own style
Just do what I do
We can dance all night
I can show you how
All that's left for us to do right now is to

Chorus:

Let go and feel the rhythm
Feel the beat and feel the bass
Let's take over the whole dance floor
Like we own the place
Show them all how we do
We got skills
you know it's true

Don't worry it's just me and you
Just me and you

So dance, dance, dance
Take your chance, chance, chance
Hold my hand, hand, hand
Or you can fly solo

Girl we're so, so, so
Unstoppable, ble ble ble
Don't let go, go, go
They need to know, know, know

Bridge:

You should take my lead
Cause girl it's you I need
Now we've got our space
No one's here to intercede

And I'm left with little to say
Cause you blew my words away
Wishing hard that I could stay

But I guess it's getting late

Prechorus:

Girl don't be shy
Just let your hair loose
If you ain't got your own style
Just do what I do
We can dance all night
I can show you how
All that's left for us to do right now is to

Chorus:

Let go and feel the rhythm
Feel the beat and feel the bass
Let's take over the whole dance floor
Like we own the place
Show them all how we do
We got skills
you know it's true
Don't worry it's just me and you
Just me and you

So dance, dance, dance
Take your chance, chance, chance
Hold my hand, hand, hand
Or you can fly solo

Girl we're so, so, so
Unstoppable, ble ble ble
Don't let go, go, go
They need to know, know, know

So dance, dance, dance
Take your chance, chance, chance
Hold my hand, hand, hand
Or you can fly solo

Girl we're so, so, so
Unstoppable, ble ble ble
Don't let go, go, go
They need to know, know, know
