Have you ever thought about how things could be
(Oh, Oh, whoa)
Feels like you're missing something that should be
there
(Yeah)
Cause that's how I feel when I see you
And I hope it's what you feel when you see me
So what's the point in wasting time
When we could be by the pool
Just taking it easy

What's it mean when you smile like that
I wanna know
Cause whatever ever it is girl I like that
And you should know that
You could be right in my arms
My little lucky charm
But only when you're ready to tell me
Cause I wanna know

It's not so hard to tell me
Just how you feel
There's something bout this whole mystery
That feels so real

And if you're playing hard to get
I won't follow step for step
I'll just make it more exciting

Cause there's so much more out there
That you ain't seen
And there's so many places
That you ain't been

If you wanna go discover
Tell me with your eyes
Cause you don't wanna blow your cover
As I've realised

What's it mean when you smile like that
I wanna know

Cause whatever ever it is girl I like that
And you should know that
You could be right in my arms
My little lucky charm
But only when you're ready to tell me
Cause I wanna know

(Lets go)
She's just running through my head going crazy
The way she just smiled it amazed me
I'm not a lifeguard, but I could tell from her body
language
She was screaming out save me

I could see how her eyes were glinting
We could be an item, she was hinting
Something underneath the surface was telling me to
take action
Make a move and stop thinking

But is she with me cause I love her like a real man
Or the reflection in my fresh pair of Raybans
She wants to roll with me
By the gold sands
Chill out in the sun
Get a nice tan

Yeah I'll take her out
Treat her nicely
Spoil her real good
Yeah that's likely
I'll show her round the bay
Cause I heard that it's lively
Only if she tells me what I wanna know precisely

What's it mean when you smile like that
I wanna know
Cause whatever ever it is girl I like that
And you should know that
You could be right in my arms
My little lucky charm
But only when you're ready to tell me
Cause I wanna know

Maybe you, and I
Could go to the ends of the worlds
I would treat you real special
If you said those magic words

What's it mean when you smile like that
I wanna know

Cause whatever ever it is girl I like that
And you should know that
You could be right in my arms
My little lucky charm
But only when you're ready to tell me
Cause I wanna know

I wanna know
I wanna know
Ohhh
