Verse 1:

This love's like a fairground ride
I'm dizzy but I won't get off
I know it's no good for me
But I still haven't enough
Of your love

We're stubborn and stuck in our ways
So wrong but we don't care anyway
Noo-ohh

Don't wanna take things too fast
We should take our time, take things slow
There's no need to rush
We should just chill and let things flow
So what are you waiting for, I won't be here forever
Yeaah

Chorus:

Tell me what you need cause I've got it
If it's love you need then I've got it
So get ready ohh
Cause I'm waiting yeah
Girl I need your love
And I need your heart
So where do we start
Where do we start

Verse 2:

You're the sun to my shine
Your love don't cost a dime
And I'd do everything to be your world
Anything to make you my girl, anything

And everything with you feels so special
Something a little bit closer to extraterrestrial
It's out of this world
Yeah

The most beautiful girl that I've ever seen
She's the closest to heaven that I've been
And this so crazy
Feels like I'm in a dream
But I don't wanna wake up now
Can I stay a little longer
Please can I just stay a little longer, yeah

Chorus:

Tell me what you need cause I've got it
If it's love you need then I've got it
So get ready ohh
Cause I'm waiting yeah
Girl I need your love
And I need your heart
So where do we start
Where do we start Yeah

Bridge:

I could wander for hours
Be searching for days
None of it's worth it at all
If I don't have your love
If I don't have your heart, heart
So baby tell me, tell me
Where do we start, yeah

Chorus:

Tell me what you need cause I've got it (Tell me what
you're needin' girl)
If it's love you need then I've got it (If it's love you're
needin' girl)
So get ready ohh
Cause I'm waiting yeah
Girl I need your love
And I need your heart
So where do we start (where do we start)
Where do we start, yeah

Tell me what you need cause I've got it (Just tell me
what you need)
If it's love you need then I've got it (Tell me what you
need)
So get ready ohh
Cause I'm waiting yeah
Girl I need your love (Girl I need your love)
And I need your heart

So where do we start (where do we start)
Where do we start, yeah

Tell me what you need cause I've got it
If it's love you need then I've got it
So get ready ohh
Cause I'm waiting yeah
Girl I need your love
And I need your heart
So where do we start
Where do we start
