I tried in vain to let you go
Oh, Alisa
But your cries won't ease the (unintelligible)
Alisa
You're in my heart
You're in my dreams
You're in my soul
Alisa
You're in my heart
You're in my dreams
You're in my soul
Beat my chest, pull my hair, and I start to break
No
But that still won't make it go away
Alisa
You're in my heart
You're in my dreams
You're in my soul

Alisa
You're in my heart
You're in my dreams
You're in my soul
Miss you x5, oh
I thought I could know all, I was wrong
Well, I need you here to carry on
Alisa
You're in my heart
You're in my dreams
You're in my soul
Alisa
You're in my heart
You're in my dreams
You're in my soul
Alisa, Alisa
Gonna cry, gonna cry
Hello, you're not...
Alisa
