Extracurricular
Parallel to none
I am perpendicular
Hit em with the "O" now that just ridiculous
We coulda cleared up all these particulars
That coulda been a homicide vehicular
You wasn't in no state to speed off
You was bugging out yeah you was peed off
We was just chilling up at the ski loft
Thinking we was on you tellin me we off
Your whole vibe changed when you got the phone call
That's the effect they call a snowball
Next thing you know I was runnin down a hall sayin
Please come back I have given my all

I have given my all
Funny how you could always make me feel small
I have given my all
Catch me catch me
I think I'm gonna fall
My mind is made up
I'm waiting for you
I'm waiting on you, waiting boy
My mind is set
I'm waiting on you
I'm waiting for you, waiting boy
Could you catch me catch me catch me
Could you catch me catch me catch me
Could you catch me
I am waiting on you to catch me catch me catch me

You wanted oh so bad to prove points
But your game always makes me lose points
And your game always make me concur
And maybe I shoulda never taken you from her
But with all of the aforementioned
I am still trapped in your dimension
So I will be on the mountain waiting
Cause I am in need of more attention
Could have called back
Just to say something

Imma fall back
In the bass drum
Please come to destination
I'm not doin well exclamation
You succeeded at your attempts to make me
Need you desperately to vindicate me
It's funny how you could always make me feel small
I have given my all
Catch me catch me
I think I'm gonna fall
My mind is made up
I'm waitin for you
I'm waitin on you, waiting boy
My mind is set
I'm waiting on you
I'm waiting for you, waiting boy
Could you catch me catch me catch me
Could you catch me catch me catch me
Could you catch me
I am waiting on you to catch me catch me catch me

Ok (oh oh oh oh oh)
Ok (oh oh oh oh oh)
Ok (oh oh oh oh oh)
It's, it's whatever you say a a
It's whatever you say a a
I am at your disposal
My mind is made up
I'm waiting for you
I'm waiting on you, waiting boy
My mind is set
I'm waiting on you
I'm waiting for you, waiting boy
Could you catch me catch me catch me
Could you catch me catch me catch me
Could you catch me
I am waiting on you to catch me catch me catch me
