

Reflexive Reaction "Before I Fall"

Visit "[Before I Fall](#)" on MotoLyrics.com

I've been walking the valley of death
Not daring to take a breath
I was hoping that you were looking away
As I walked and led myself astray

I've been running from the life that you want me to live
On that requires me not to get but to give
And as I run the other way there's a price to be paid
I didn't realize it as I ran away from you

Will you catch me before I fall
And hit the ground and make a sound
That'll make me recall all I did to fall
All that I embraced that led me away from you

I was trying
To hide my guilt
Until I realized

That you are
The only one
In this world that can renew
My soul

Oh you caught me before I fell
You're a mighty God by far
You healed all my scars that would make me recall
Why I had left your presence at all

Will you catch me before I fall
And hit the ground and make a sound
That'll make me recall all I did to fall
All that I embraced that led me away from you
