Conspiracy theory  
Better keep it down  
Cause the walls are thin  
And the word is out, now

Lock your lips  
Don't make sound  
Cause the walls are thin  
And the word is out, now

Better that you didn't know  
us why  
Better that they didnt show  
Why do we need to live in fear  
Knowing that the words are real  
This time

Conspiracy theory  
Gonna make you shake  
Don't hit the brake  
No time to waste now

Lock your lips  
Better hit the road  
Cause the one I'm waiting on is gonna fade away, now

Better that you didn't know

Better that they didn't show  
us why  
Why do we need to live in fear  
Knowing that the words are real  
This time

Conspiracy theory  
Conspiracy theory  
oh

Conspiracy theory  
Better keep it down  
Cause the walls are thin  
And the word is out, now

Lock your lips  
Don't make sound  
Cause the walls are thin  
And the word is out, now

Better that you didn't know  
Better that they didn't choke  
Why do we need to live in fear  
Knowing that the words are real  
This time
