Walk in the room  
I'm a man on a mission  
You're standing there and I feel that connection  
I break the ice and I ask what your name is  
Then I recall that we already did this  
Some how I missed it

Keep on moving like you did last summer  
When the grass was greener  
And your hair was longer  
If you, become familiar with another in town  
Don't forget about the fun that we had  
Last time around

Yeah

You walk around with your new man, new band  
You think it's over but I'm just getting started  
I try to call but you don't ever answer  
I'd let you go but your all that I'm after

Can't you remember

Keep on moving like you did last summer  
When the grass was greener  
And your hair was longer  
If you, become familiar with another in town  
Don't forget about the fun that we had  
Last time around

So, keep on moving like you did last summer  
When the grass was greener  
And your hair was longer  
If you, become familiar with another in town  
Don't forget about the fun that we had  
Last time around

Last time around  
Don't forget about it baby  
Last time around  
Woo

Last time around  
Yeah  
Last time around
